The G500 is an easy to operate glasswasher with a 500 x 500mm basket that holds 25 pint-sized glasses. With its two minute wash cycle, this machine is capable of cleaning up to 1000 glasses per hour.

With a digital LED display, intuitive colour coded lighting and universally recognised symbols, this machine is incredibly easy to use, plus features performance enhancing customisations through its advanced settings modes. Additionally, its clever software constantly monitors wash cycles, temperatures, chemical usage and any errors giving valuable data which is used to improve operational efficiencies.

The G500 comes as standard with a gravity drain, which is suitable in instances where the machine is above the waste outlet. The optional drain pump (G500P) is essential where the drainage is either higher than the machines waste outlet, or has to be pumped to a stand pipe.
